

ARVETI4.0 –
Project partner:

<p>LTTA2: Examples of the industrial applications of mixed-reality glasses: agricultural machines in VR</p>	
--	--

Task: Please change the workpiece with our VR glasses

Materials: VR glasses, two controllers, two laptops

I. Follow the steps below

Step 1	Open Unity and open the project “Spuranreißer”	<p>Need some help?</p> <p>Ask our team!</p>
Step 2	Please take the orange workpiece and put it on the right side of our construction. Save the project in our Arveti cloud on the Desktop	
Step 3	Open Windows mixed reality for Steam VR Turn on the VR glasses	
Step 4	Push the button on the left side with the three lines - push „Setup ausführen“ - Select the option on the left side - Follow the steps with „weiter“	
Step 5	Mark the working area with the VR glasses and accept the area	
Step 6	Start the „smart Training 2023“	
Step 7	Open one of our projects with the VR glasses and follow the steps in our VR glasses	

II. After finishing the Workpiece please close the „ smart Training 2023“ and give the VR glasses to the next person
